QUICK SERVICE

SPOA7

Capacity:	7,000 lbs
Vehicle class:	1 2 3 4 5
Column:	asymmetric
Min. bay requirement:	12' x 24'
Ceiling requirement:	12' - 12'6"
Shockwave option:	yes
Moveable lift pads:	yes

THE WORKHORSE

SPO10

Capacity:	10,000 lbs
Vehicle class:	1 2 3 4 5
Column:	symmetric
Min. bay requirement:	12' x 24'
Ceiling requirement:	12' - 12'6"
Shockwave option:	yes
Two stage arms:	yes

THE STANDARD

SPOA10-AV

Capacity:	10,000 lbs
Vehicle class:	1 2 3 4 5
Column:	asymmetric
Min. bay requirement:	12' x 24'
Ceiling requirement:	12' - 12'6"
Shockwave option:	yes
AV arms standard:	yes

MEDIUM DUTY

SPO12

Capacity:	12,000 lbs
Vehicle class:	1 2 3 4 5
Column:	symmetric
Min. bay requirement:	12' x 26'
Ceiling requirement:	13'9"
Shockwave option:	yes
Three stage arms:	yes

HEAVY DUTY

SPO16-AV

Capacity:	16,000 LBS
Vehicle class:	1 2 3 4 5
Column:	symmetric
Min. bay requirement:	15' x 30'
Ceiling requirement:	13'8" - 16'8"
Shockwave option:	yes
AV arms standard:	yes

SERVICE VANS

SPO16-AV CARGO

Capacity:	16,000 LBS
Vehicle class:	1 2 3 4 5
Column:	symmetric
Min. bay requirement:	15' x 30'
Ceiling requirement:	13'8" - 16'8"
Shockwave option:	yes
AV arms standard:	yes

ULTRA DUTY

SPO20

Capacity:	20,000 lbs
Vehicle class:	1 2 3 4 5
Column:	symmetric
Min. bay requirement:	15' x 30'
Ceiling requirement:	13'8" - 16'8"
Shockwave option:	yes
TRIO arms standard:	yes

TWO-POST FEATURES

ALL-VEHICLE AV™ ARMS accommodate practically all vehicle types. This design streamlines the arm for a simpler fine adjustment of the adapter while maintaining maximum reach and retraction. High-strength, low-profile tapered arm design allows for easier, faster positioning of adapters compared to traditional arm designs.

SHOCKWAVE™ POWERED LIFTS

Experience two times faster rise and descent compared to standard lifts, which saves you time and money, plus Spotline™ laser vehicle spotting for more accuracy the first time.
